

Get Connected at a **2009** **Inhibitor Education Summit**

If you are an adult or child touched by inhibitors, or care for one, the *2009 Inhibitor Education Summits* are for you. You will hear top experts speak about topics that directly affect you as a member of the hemophilia community and be able to ask them questions. Plus, you can share your experiences with other people with inhibitors and their families. These empowering events let the hemophilia community come together to listen and be heard.

**Be sure to reserve your spot today
for one of the two locations below:**

AUGUST 27-30, 2009 | Hollywood, CA
SEPTEMBER 17-20, 2009 | Washington, DC

- Travel grants available
- Onsite child care provided
- Handicap-accessible locations

▪ Learn more or register by visiting www.inhibitorsummits.org
